

PRESS-RELEASE

**KHANN AERODYNAMIC KIT FOR TOYOTA LC300**

**KHANN** III

**We are glad to present the new aerodynamic kit for Toyota LC300.**

The character & style of the legendary SUV would be additionally emphasised with KHANN wide body kit with exclusive carbon inserts.

Specially developed hood & radiator grill cover add up exclusivity to the kit.

Final touches to the absolute & bright image are done by carbon elements: stylish mirror covers and aerodynamic spoilers.

KHANN LT2 forged wheels are designed specially to match the style of LC300 KHANN & are available in different colors.
